

# LEADERSHIP TO THE NATION

## THE CITADEL

There is a long-standing tradition of outstanding military service. Because all Citadel Cadets are required to enroll in ROTC, you will have many opportunities to learn about our nation's Armed Forces, no matter which ROTC you choose. Each branch, proud and strong, provides you with hands-on training, whether it is physical fitness, leadership, military history, or the *esprit de corps* you feel with other Cadets as you are out in the field, on the high seas, or in an aircraft. For those that choose the pathway to a commission upon graduation, you know you are entering a noble tradition of Citadel Cadets who have gone before you and made their mark while defending the United States of America.
