9 July 2009

THE MILITARY COLLEGE OF SOUTH CAROLINA  
**CAREER CENTER**

Create a list of your various experiences from high school, as well as new ones from The Citadel. (**Undergraduate CGC:** consider current experience back to late high school, as appropriate; **Graduate Students:** consider current experience back to college, as appropriate). Add sections to the table below as needed and/or re-name the sections to fit your background (professional organizations, military, etc.). Work on this over several days to allow time to reflect. **Key: Do not rule anything out at this point!** You will be able to re-word and exclude information as you revise your resume.
